

D24 PVC Prox Discs

Continuing to expand options to optimize your prox solutions...

Introducing the Adhesive Back PVC Miniature Prox Discs

These provide the ideal prox product option where size & functionality play a valued factor. With the advantage of a peelable adhesive back, these nickel sized miniature pvc prox discs prove extremely beneficial with the ability to be adhered to a wide range of surfaces essentially converting any such item to become prox compatible.

Ideal for everything from re-badging to a broad spectrum of issuance applications whether for members, students, staff, or guests, they enable security with the convenience of smaller size.
