

D24 Executive Prox Keytags

Continuing to expand options to optimize your prox solutions...

Introducing the Executive 301 & Executive 401 Keytags

We are excited to announce the expansion of our product assortment with the addition of the Executive D24 Keytags. With a chrome metal finish, these keytags are sure to provide an enhanced corporate look and feel to fulfilling Prox security needs.

Complete with the same RFID technology, this prox tag also allows for easy portability and convenience on key chains. Available in either a oval black with metal finish (Executive 301) or equivalent rectangular design (Executive 401), these prove an optimal solution where style, functionality, and security matter.
