

FEATURES AND BENEFITS

Plastic Card ID offers complete ticket software and solutions for companies of all sizes.

We offer advanced, cloud-based desktop software, state-of-the-art handheld units, as well as mobile solutions to streamline your workflow, maintain unparalleled control, and boost your efficiency and productivity.

Payment and Ticket Collection

Manage payments easily. Anytime, anywhere.

Plastic Card ID makes it easy to get paid by automatically splitting payments and depositing income from sellers (whether on-the-street agents or third-party partners). You can also accept payments in a range of currencies, including local tenders.

Accept credit cards securely.

With the behind-the-scenes complexities covered, working with Plastic Card ID means you can confidently focus on what you do best: selling tickets. We've also partnered with DataTrax Technologies Inc, the ticket sales technology company registered with both Visa and MasterCard as a PCI DSS Service Provider and a Level 1 distinction.

The Clover Flex Ticket App makes selling & redeeming tickets easy for:

School Events
Events
Charity Events

PTA's
Tours and Attractions
Amateur Drama Productions

Festivals
Orchestras
Conferences and B2B events
