TEMPbadge®

We offer the widest assortment of Visitor Management solutions in the industry.

YOUR EASY ORDERING GUIDE

1. Select Your Material

Standard Material Types

 www.larolla.com	Flat Tubular: Sturdy polyester for a simple, professional look and feel.
 www.larolla.com	Optiweave: Made of polyester, this lanyard is great for silk screen imprinting.
 www.larolla.com	Microweave: Excellent print quality at a great price.
 www.larolla.com	Ultraweave: This satin-like material offers a superior base for imprinting.
 www.larolla.com	Econoweave: Thin, ribbon-like polyester material. Most economical choice.
 www.larolla.com	Woven: A polyester material in which the design is woven into the fabric.

Specialty Material Types

 www.larolla.com	Bamboo: Comprised of rayon fibers that are made from bamboo. Very soft to the touch.
	Organic Cotton: Made with 100% organic cotton which is grown without the use of harmful chemicals or pesticides.
 www.larolla.com	Anti-Microbial: Polyester material which contains nanoparticles that prevent the growth of germs. Perfect for healthcare and food service.
 www.larolla.com	Recycled P.E.T: Made from 100% post-consumer waste.

2. Select Your Imprint Method

Standard Imprinting Methods

	Silk Screen: The most economical imprinting method. You can silk screen on almost every material with the exception of Woven. Allows up to a 3 color imprint.
	Dye-Sublimation: Color is dyed into the white fabric. Ideal for intricate designs due to endless color options and fine detail. For best results, choose Smooth Polyester fabric.
	Woven: The classic lanyard look! Each design is woven into the fabric, while the tight weave allows for a crisp, clean imprint. Choose up to 12 thread colors shown on page 8.

Note: products are not shown to scale.

3. Select Your Width

Width Options

There are several different width options, depending on which material you chose. The most popular width is 5/8".

1/4"	3/8"	1/2"	5/8"	3/4"	1"
------	------	------	------	------	----

Materials & Available Widths:

Flat Tubular: 5/8"	Flat Woven: 3/8"
Optiweave: 5/8"	Round Woven: 1/4"
Microweave: 3/8", 1/2", 5/8", 3/4" & 1"	Bamboo: 3/8", 5/8", 3/4" & 1"
Ultraweave: 3/8", 1/2", 5/8", 3/4" & 1"	Organic Cotton: 5/8", 3/4" & 1"
Econoweave: 3/8", 5/8", 3/4" & 1"	Anti-Microbial: 3/8" & 5/8"
Woven: 5/8", 3/4" & 1"	Recycled: 3/8", 5/8", 3/4" & 1"

4. Select Your Attachment

Attachment Options: An attachment is the component at the end of a lanyard that holds an ID card, keys or other items. Examples of our attachments can be seen to the left.

Breakaway: A breakaway is meant to release under certain pressure.* See other styles shown on page 9.

*Special WARNING for Breakaway Lanyards—Breakaway performance will vary and lanyards will not break away under all conditions. The male/female part pull force specification for round breakaways is 3-11 lb. under tested conditions per M-3-QA-0167. The male/female part pull force specification for flat standard breakaways is 4-10 lb. under test conditions per M-3-QA-0167. A full description of the M-3-QA-0167 test procedure can be provided upon request. Not recommended for use around moving objects or playgrounds.

Econoweave Lanyards

These economical lanyards are perfect for large events and tight budgets. Made from thin, ribbon-like polyester material. Available in limited material colors and attachments. Printing limitations may apply. **MOQ: 100.**

SlimReel™ System

The SlimReel System is a unique combination of a lanyard and a badge reel with an added bonus- the two components can be separated for individual use.

Think of it as a three-in-one solution: use it as a lanyard, as a badge reel, or as both at once! The SlimReel's innovative plastic clip makes it easy to attach an ID card or badge holder, while the clip's design helps ensure that the attachment faces front at all times. **MOQ: 100.**

CLIP ON LANYARD IS AVAILABLE IN 3/8" & 5/8" WIDTHS

2138-8001

Secure Closure Dye-Sub Wristbands

A fully-customizable secure wristband for any event

Secure – Once the locking slider is adjusted to the wrist size it cannot be removed unless the material is cut. This prevents transferring the wristband from one attendee to another, keeping event-goers in their designated places.

Customizable – The wristband's dye-sublimated material allows for full customization with four-color graphics, text and logos. Showcase your brand with vibrant color and clarity.

Comfortable – Lightweight and soft, the secure closure wristband is comfortable to wear all day and won't get in the way.

TRUECOLOR printing allows for **FULL-COLOR CUSTOMIZATION** right on the badge reel for a **MORE PROFESSIONAL LOOK**, bringing custom logos, graphics and text to life!

HIGH QUALITY – TRUECOLOR printing allows custom graphics, logos and text to be printed directly on a select group of badge reels.

VIVID COLOR – Rather than a 1- or 2-color print process or labels, TRUECOLOR digital printing is able to incorporate hundreds of colors for true full-color graphics and text.

LONG-LASTING – TRUECOLOR printing is applied directly to the product surface for a durable and long-lasting solution.

VARIABLE PRINTING on badge reels is a custom label service that allows you to **CHANGE TEXT** on your badge reel orders **FROM ONE PRINTED PIECE** to the **NEXT**.

VARIABLE – While your logo or artwork stays the same, you now have the option to have parts of the custom text be variable from one reel to another.

PERSONALIZED – Print years of service, names, company divisions, or company titles to badge reel labels to create a personalized and unique accessory.

For best results choose badge reels that support a 1-inch label or larger.

Note: products are not shown to scale.

Non-Magnetic Badge Reel with Plastic Clip

NEW!

NON-FERROUS,
PERFECT FOR
MRI ROOM
USE

Made without ferrous metals, this reel is unaffected by magnets, making them perfect for use around MRI machines or other powerful magnets. Both the plastic clip end-fitting and plastic clamp closure are color-matched to the badge reel for a sleek look. A plastic clip end fitting makes it easy to slide on a slotted ID card or badge holder.

DigiLine NAME BADGES

DigiLine Name Badges

These eye-catching badges are perfect for use as employee badges at big box stores, hotels, car rental facilities and other retail settings. DigiLine badges allow for a full-color logo and up to two lines of text, perfect for an employee's name and title.

A VARIETY OF OPTIONS - Badges are available in three sizes, three colors, two materials, and with two different attachments.

PROFESSIONAL LOOK - Each DigiLine name badge is customized using our TRUECOLOR digital print process, providing sharp detail and vibrant colors. Badges are coated in a dome layer of clear resin for both protection from damage and for added professionalism.

LOW MOQ - Unlike ID cards, DigiLine name badges can be ordered in small quantities, including batches of 25, 10, or even a single badge.

CAN BE ORDERED IN SMALL QUANTITIES
INCLUDING BATCHES OF 25, 10, OR EVEN A SINGLE BADGE!

DigiLine Name Badge Printing Guidelines

An Excel spreadsheet containing the variable data must be submitted with all orders. The data on the spreadsheet needs to be clean and accurate as this file is what will be used to print the badges; we do not review for errors/typos.

- Each row of text that you want printed on the badge needs to be in one column (i.e. column A = John Alberston and column B = General Manager). No need to provide column headers.
- All data must be supplied in the appropriate case desired (i.e. JOHN ALBERSTON or John Alberston).
- Font style and size can vary for each row of text (i.e. first row is Times New Roman Bold 18 pt, second row is Times New Roman Italic 14 pt). This will be consistent on all badges unless requested. Please note that a new set-up fee will apply for each change.
- Please note that we only proof 2-3 badges, usually the shortest and longest names and titles. We do not proof all badges.

An order can be as little as one badge, but it must follow the excel guidelines.

Artwork must be in an .AI or .EPS format.

The artwork will be digitally printed using CMYK color breakdown. We can not Pantone/spot color match, so color match will be approximate.

Badges include a dome finish, unless otherwise requested.

Exact reorders will not receive a new proof and a set-up fee will not apply.

125 kHz PROXIMITY CARDS & CREDENTIALS

BradyPROX™ Cards

BradyPROX™ cards offer similar quality and are comparable to the most popular HID® brand prox cards. They are a smart, affordable card option that can be personalized with any standard PVC printer.

- Faster delivery: usually programmed and shipped within 48 hours**
- Lifetime manufacturer warranty*
- Printable card material (regular or composite) for PVC personalization
- Most industry standard formatting options available for easy integration with door access control systems.

*A BradyPROX card has a limited lifetime warranty due to any manufacturer defect for the lifetime of the card.

**48 hour lead time is for 100-1,000 cards. Lead times vary as volume increases.

BPROX26	PVC	100
BPROX26C	Composite	
BPROX26H	PVC with Mag Stripe	
BPROX26HC	Composite with Mag Stripe	
BPROXCLMSH26	Clamshell	
2-day lead time for up to 1,000 cards. Part numbers shown are for HID compatible 26 bit format H10301. Additional formats available.		

UBand™ PROX

The applications of a card, the convenience of a wristband

Use our UBand wristband as a replacement for an access card in a system that doesn't require visual identification. Unlike cards, which need to be carried in a pocket or on a lanyard, UBand remains attached to the user naturally, increasing the likelihood of use while decreasing the likelihood of loss or theft. UBand is waterproof, sweat-proof and can stand up to the rigors of everyday use.

- Standard UBand Prox Wristbands are available in black and blue.
- Additional colors and customization with a logo, graphic or text are available upon request. MOQ for custom orders is 100 pieces per color, per size, and per design/logo, with a lead time of five weeks.

125 kHz Proximity UBand Specifications			
Item #	Description	HID Compatible Format	MOQ
UBAND-BLK-PRX-26	Black 26 bit UBand	26 bit H10301	100
UBAND-BLU-PRX-26	Blue 26 bit UBand	26 bit H10301	
35 and 37 bit formats are also available.			
All parts are available in three sizes: small (6"), medium (7") and large (8").			
MOQ is 100 per color, within that different sizes can be ordered with a min of 25 per size.			

BradyPROX™ Key Fobs

Same access as big-brand fobs at a lower price!

The BradyPROX™ key fob is a cost-effective solution for access control. This plastic key fob performs the same functions as a standard proximity card, meaning it can serve as a convenient, affordable replacement for proximity cards.

- BradyPROX cards and key fobs are compatible with certain 125 kHz HID®-brand cards and fobs, allowing you to seamlessly switch to BradyPROX and save money in the process.
- Our plastic key fobs ship quickly; orders of up to 1,000 fobs will ship within 5 days!

Note: products are not shown to scale.

MIFARE1K

UBand™

UBand™ is a contactless technology solution that combines multi-faceted MIFARE® technology with the convenience and flexibility of a silicone wristband.

AVAILABLE COLORS

WEARABILITY - Unlike cards, which need to be carried in a pocket or on an attachment, UBand remains attached to the user naturally, increasing the likelihood of use while decreasing the likelihood of loss or theft.

DURABILITY - UBand is waterproof, sweatproof and can stand up to the rigors and wear and tear of daily use. Flexibility - UBand's flexibility is two-fold: material and usage. UBand's silicone rubber construction allows the band to stretch around the hand for easy, comfortable removal. MIFARE technology allows UBand to be customized to whatever uses a facility needs, including access, payments and more. Include the features you need and leave out those you don't.

CUSTOMIZABILITY - 20 color options make it easy to find one to suit any business, while three different wrist sizes (6", 7", 8") mean there is a fit for everyone. With custom printing available in emboss, deboss, or silk screen, it's simple to make the UBand unique.

UBand™ Technical Specifications	
Chip Type:	MIFARE 1K
Operating Frequency:	13.56 MHz
EEPROM Size:	1024 Byte (8192 Bit)
Memory Organization:	16 Sectors, 4 Blocks of 16 Bytes

HID® 13.56 MHz iCLASS® Cards

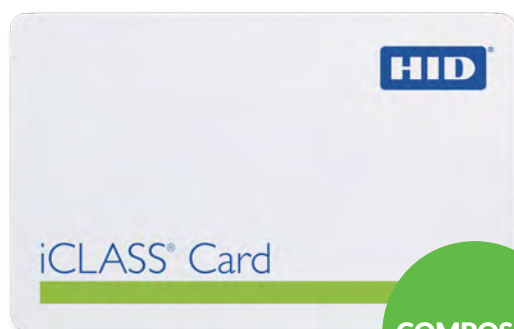

iCLASS® smart card technology was specifically designed to make access control more powerful, more versatile, and more secure. iCLASS 13.56 MHz read/write contactless smart card technology provides versatile interoperability in applications such as access control, network log-on security, cashless vending, time and attendance, event management and biometric identification.

iCLASS smart card technology ensures high security with mutual authentication between smart card and reader, encrypted data transfer, and 64-bit diversified keys for read/write contactless smart card capabilities. Securely separated files enable multiple applications and support future growth.

Proximity Card Laminating Pouches and Alignment Guide

Adhesive-backed laminating pouches work with most laminating machines.

This card alignment guide is designed to hold a card in place, making it easier for you to correctly line up the adhesive overlay you're trying to apply. It's a way to ensure that you don't end up with crooked overlays. Alignment Guide aligns adhesive overlays with credit-card size cards. Rubber feet prevent sliding.

PassagePoint Global v10 Part Numbers & Add-Ons

Item #	Description
PPG-1	PassagePoint Global v10 - Client License One (1) license required for each workstation.
MA-DL	Directory Link Integration License This add-on links PassagePoint to any ODBC or LDAP directory system. Every time a visitor registers, the system automatically verifies information against the directory to make sure that access levels are authorized and current.
M-PR	Web Pre-Registration Module This advanced system provides pre-registration management of visitors or groups via a web browser. Users can modify and update registration information as needed, specify recurring visits, access levels, and provide special instructions for receptionists.
MA-AC	Access Control Integration License This integrated interface allows real-time activation/deactivation of badges and the ability to designate access by date, time, and area.
MA-SOR	PassagePoint Global - Sex Offender Search Module Unlimited workstations per server; requires SSP/Sex Offender Search annual license.
MA-HL7	PassagePoint Global v10 - HL7 License Functionality allows PassagePoint to use the patient's current location (building, floor, room # and bed #) in the hospital to identify patient tracking for hospital visitors.

PassagePoint EDU for Education Facilities Part Numbers & Add-Ons

Item #	Description
E-EDU-1	PassagePoint EDU - Client License One (1) license required for each workstation.
E-PR	PassagePoint EDU - Pre-Registration Module Unlimited users; enables pre-registration of visitors and groups via browser (one module per server).
E-DM-1	PassagePoint EDU - District Module Enables individual school-level configurations to be managed from a central district administration site.
MA-SOR	PassagePoint Global - Sex Offender Search Module Unlimited workstations per server; requires SSP/Sex Offender Search annual license.

TEMPbadge® ONEStep EXPIRING BADGES

Handwritten ONEstep TIMEbadge® Expiring Badges

Badges feature pre-printed titles with area for writing. They come 500 per package and fan-folded. Adhesive, no hardware or software needed. Choose from 3 different titles.

Handwritten ONEstep TIMEbadge® Expiring Badge Specifications			
Item #	Expiring Time	Size	Description
T2003	1 Day (15 Hrs)	1 7/8" x 2 7/8"	Peel Away Liner - "Visitor"
T2004			Peel Away Liner - "Temporary"
T2005			Peel Away Liner - "Contractor"
MOQ: 500 pieces. Shipping Weight: 2 lb. per 500 pieces.			

Thermal-Printable ONEstep TIMEbadge® Expiring Badges

Badges come blank, 500 per package and fan-folded. Can print from any direct thermal printer. Use with any visitor management software system. Customize your own layout with text or logo!

Thermal-Printable ONEstep TIMEbadge® Expiring Badge Specifications			
Item #	Expiring Time	Size	Description
T2011	1 Day (15 Hrs)	1 7/8" x 2 7/8"	Peel Away Liner - Blank
MOQ: 500 pieces. Shipping Weight: 2 lb. per 500 pieces (T2011); 2.5 lb. per 500 pieces (T2011L).			

Handwritten ONEstep Quick-Tab Expiring TIMEbadges

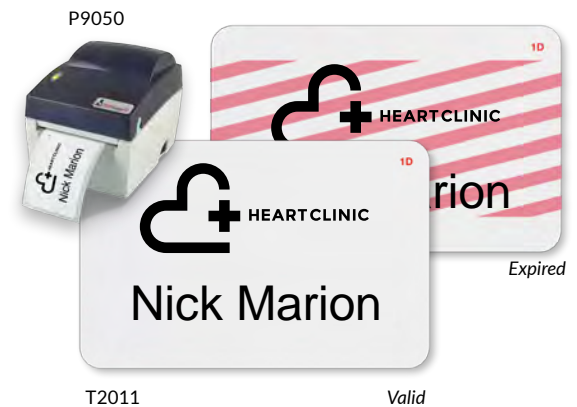

This single-piece solution doesn't require a separate back or front. Instead, simply write the guest's information on the badge and fold back the expiring tab to activate. After a day's use, "VOID" will appear on the badge, showing that a guest's time is up and preventing the badge from being reused. This badge has an adhesive back, making it easy to issue: just peel and stick! A printed "VISITOR" title makes it clear to all that the wearer is a guest.

Handwritten ONEstep Quick-Tab Expiring TIMEbadge Specifications			
Item #	Expiring Time	Size	Description
T2023	1 Day (15 Hrs)	2 5/16" x 2 13/16"	Quick-Tab - "Visitor"
MOQ: 500 pieces. Shipping Weight: 1.5 lb. per 500 pieces.			

Thermal-Printable ONEstep Quick-Tab Expiring TIMEbadges

This tab-expiring badge shows a "VOID" indicator after a visitor's time is up. It is thermal printable, enabling you to quickly add a guest's name, the date and other important information. This is a convenient, single-piece solution: simply fold back the tab to activate the expiration. The adhesive back offered by this badge makes it easy to issue the badge to the wearer as well, eliminating the need for clips or attachments.

Thermal-Printable ONEstep Quick-Tab Expiring TIMEbadge Specifications			
Item #	Expiring Time	Size	Description
T2030	1/2 Day (4 Hrs)	2 5/16" x 2 13/16"	Quick-Tab - Blank
T2031	1 Day (15 Hrs)	2 5/16" x 2 13/16"	Quick-Tab - Blank
T2031L	1 Day (15 Hrs)	2 5/16" x 3 13/16"	Quick-Tab - Large - Blank
T2050	1 Day (15 Hrs)	2 5/8" x 2 13/16"	Quick-Tab for use with TEMPbadge VMS System
MOQ: 1,000 pieces. Shipping Weight: 3 lb. per 1,000 pieces (standard sizes); 4 lb. per 1,000 pieces (large sizes).

TIMEtoken® EXPIRING BADGES

1 CHOOSE YOUR TIMEtoken® BACK PART

TIMEtoken® Badge Back Parts

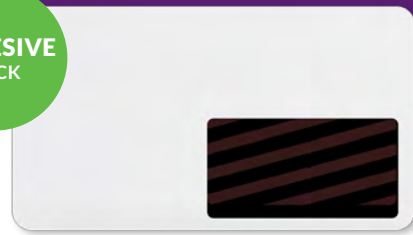

These badge backs feature a token expiration area, perfect for those seeking a subtle expiring solution. Most TEMPbadge expiring badges show the expiration indicators on the entirety of the badge; our token expiring badges limit the expiration area to a small section of the badge. These badges are also thermal printable, allowing you to quickly print the visitor's name and other important information.

TIMEtoken Badge Back Part Specifications

Item #	Size	Description	Use With*
T4102A	2 1/8" x 3 13/16"	Thermal-Printable Back Badge, Adhesive - Blank	T6119
T3983A	3" x 4"	Thermal-Printable Back Badge, Clip-On - Blank (This badge back is slotted, meaning it requires a clip for use.)	T6119

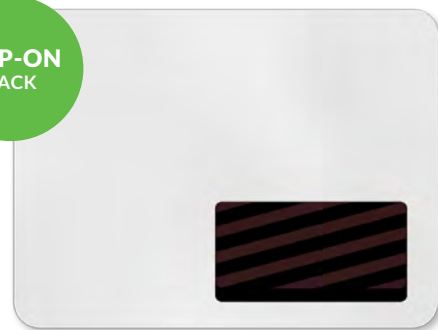

MOQ: 1,000 pieces. Shipping Weight: 3 lb. per 1,000 pieces.

T4103A	2 1/8" x 3 13/16"	Expiring Badge Back, Adhesive - BLANK	T6122
T3971A	2 17/16" x 4"	Expiring Badge Back, Clip-On - BLANK (This badge back is slotted, meaning it requires a clip for use.)	T6122

MOQ: 1,000 pieces. Shipping Weight: 2 lb. per 1,000 pieces (T3971A); 3 lb. per 1,000 pieces (T4102A).

2 CHOOSE YOUR TIMEspot® LABEL

TIMEspot® Expiring Badge Front Labels

These expiring spot fronts are required to complete your spot expiration solution. Combine these spots with a badge back with a spot expiration area to create a subtle, but effective, visitor badge solution. Red lines appear when the TIMEspot is expired, making it clear that a guest is no longer welcome on site.

1 CHOOSE YOUR BADGE DESIGN

School Badge Back Parts

School-themed badges feature printed titles and work with expiring circles that are designed specifically for schools. This expiring badge back features a handwritten customization area where a guest's name and the date can be added manually. A printed "SCHOOL VISITOR" or "STUDENT" title makes it clear which type of guest the visitor is. An adhesive back makes attaching the badge to the visitor easy.

Item #	Size	Description
08106	2" x 3" (51 x 76mm)	Manual School badge "SCHOOL VISITOR" (Red)
08107	2" x 3" (51 x 76mm)	Manual School badge "STUDENT" (Green)

MOQ: 1,000 pieces. Shipping Weight: 2 lb. per 1,000 pieces.

2 CHOOSE YOUR COVER DESIGN

School Half-Day Expiring Circles

This TEMPbadge™ expiring circle combines with our school expiring badge backs to create the perfect school visitor badge solution. Placing this circle on the badge back activates the expiration technology; after a half-day (4 hours), the circle will clearly change colors to show that the badge is no longer valid, providing clear visual indication that a guest's time is up.

Additional colors can apply to Smooth Polyester, Flexible Tubular, Flat Tubular and Woven Lanyards for an additional charge.

Customization Information

ARTWORK: The following computer files are acceptable:

- Adobe Illustrator version 6.0 or less— all fonts converted to “OUTLINES” and saved as an .ai or .eps file.
- Adobe Photoshop version 6.0 or less— files saved as .tiff, .bmp, .jpg, .psd or .gif (minimum DPI 150, logos from websites are **NOT** acceptable).
- Adobe InDesign version 6.0 or less— all fonts converted to “OUTLINES” and package the links when sending the file.

Please specify the name and type of the files being sent. DO NOT embed files in a Microsoft Word® file. Include a color copy for color breakdown only. Pre-production, custom-imprinted samples are available for an additional charge. Modifications to artwork will be quoted on a per order basis. A minimum charge applies. (No photocopies or faxes.)

SET-UP CHARGES: A set-up charge may apply to orders. Call for details.

RUSH CHARGES: Additional charges may apply. Call for details.

CANCELLATION: Orders may be subject to a cancellation charge to compensate for any costs incurred prior to cancellation (i.e. artwork charges, printing plates, etc.).

PAD PRINTING: For plastics, metals, neck lanyard sliders, snap buckles, badge reels and detachable attachments. Provides a quality, durable imprint. Exact color matches cannot be guaranteed.

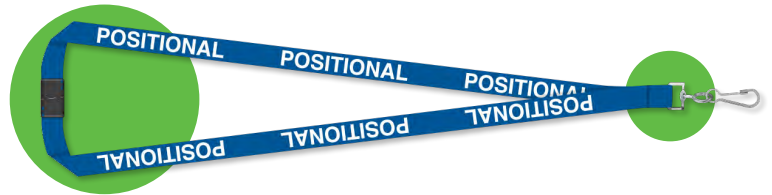

CLEAR DOMING RESIN: Provides permanent protection for a multi-color label. Available on round and diamond sliders, detachable attachments and badge reels.

DYE-SUBLIMATION: A permanent transfer process used on our neck lanyards and select wristbands. A digital image is transferred onto a white base allowing for fine, photo-realistic detail. Any color can be used for a base color.

CONTINUOUS PRINTING AND POSITIONAL PRINTING: Many lanyards come in either a continuously printed imprint or a positionally printed imprint. See diagram below for examples of printing styles.

CONTINUOUS PRINTING
IMPRINT CONTINUES THROUGH SEAM AND BREAKAWAY

POSITIONAL PRINTING
IMPRINT STOPS BEFORE SEAM AND BREAKAWAY

Production & Shipping

PRODUCTION TIME: Timetables for shipping are based on credit approval, receipt of camera-ready art and proof approval. Production timetable is valid for all catalog products in catalog quantities. No guarantees are made as to arrival dates. Please specify and authorize special shipping which may be required to meet exact event dates or deadlines.

PACKAGING: Lanyards are bundled in quantities of 100. Additional charges may apply for other quantities or special requests. Call for quote.

DAMAGED SHIPMENTS: All merchandise is inspected, weighed, and carefully packed for shipment before leaving any of our warehouses. The freight company accepts liability when the shipment leaves our facility. Upon delivery of your shipment, promptly check the number and condition of cartons against the Bill of Lading totals before signing the freight Bill of Lading.

LIABILITY: The products become the customer's property upon delivery to the carrier. If damage or loss is discovered—either visible or concealed—you must file a claim with the freight carrier within 14 days of the delivery date.

Breakaway Information

SPECIAL WARNING FOR BREAKAWAY LANYARDS: Breakaway performance will vary and lanyards will not break away under all conditions. The male/female part pull force specification for round breakaways is 3-11 lbs under tested conditions per M-3-QA-0167. The male/female part pull force specification for flat breakaways is 4-10 lbs under test conditions per M-3-QA-0167. A full description of the M-3-QA-0167 test procedure can be provided upon request. Not recommend for use around moving objects or playgrounds.

LIMITED BREAKAWAY WARRANTY: Breakaway performance will vary and lanyards will not break away under all conditions. Customers should test the breakaway feature for suitability for their use and environment. This product is subject to a limited warranty. Seller warrants to the original purchaser for use that the goods or any component thereof will be free from defects in workmanship for a period of one year from the date of purchase. Seller's sole liability and the purchaser's sole remedy for a failure of goods under this limited warranty, and for any and all claims arising out of the purchase and use of the goods, shall be limited to the repair or replacement of the goods that do not conform to this warranty. There are no express or implied warranties covering these goods other than as set forth above.

General Information

We reserve the right to change pricing of products or services without notice. Imprints, logos or trademarks displayed in this catalog are for purpose of showing printing capabilities only. Use of such does not constitute an endorsement of the product, nor does it indicate that the product has been used or purchased by the person or company whose name or logo appears on the product.
